FEATURES

- High quality and reliable design for wider range Intel® Pentium® 4/Celeron® (D) (0.13 micron & 90 nm process) processor support mission critical operation
- Support Mobile Intel® Pentium® 4-M processor for low power consumption application
- Intel® 845GV chipset with high performance integrated graphics, backed up by Intel® EID's long product life support
- Best cost/performance solution, targeting at most of the industrial applications
- Dual on-board Gigabit Ethernet for network redundancy application
- Standard features for embedded system deployment like H/W monitoring, WDT, SSD and Wake-On-LAN
